SUPERINTENDENT'S MESSAGE

The Camden-Frontier School endeavors to enrich your life through the educational program that you receive while a student. The knowledge that you have obtained, as well as other facets of your multi-dimentional life, should enable you to face the future with confidence. It is hoped that you will use this knowledge to uphold and strenghten our nation in its quest to make our free world more free through wise and constructive use of science, education, and technology. To succeed each student will need a broad, yet thorough, understanding of himself. By combining the training that you have received from each of the following sources you should be able to look ahead with enthusiasm, eager to conquer new worlds.

Your school teachers and associates are only one group that strives to lead you to a clearer understanding of yourself and the world. Your parents have had the greatest influence in developing your attitudes, health, and moral and Christian relationships. Another strong contributing agency to your personal development has been your church. You will find lessons learned in your Christian training that will serve you well and will be one of your greatest assets. Call on this training often. Life is given us for one great purpose - the growth of character. It matters little what may me our duties, our pleasures, our cares, only as we grow by them. We live well, not by doing lofty things, but by doing little things in a lofty spirit.

Ralph Miller
Superintendent

PRINCIPAL'S MESSAGE

Usually when the final annual deadline is done one begins to think and realize that another Senior Class is about to be christened as a Camden-Frontier Alumni member. Their energetic ideas, their youth and spirit will leave our class rooms and hall and each one of them will attempt his mark in a new adventure called adulthood.

This is the time of the year that a principal really begins to wonder. Are they ready? Have we done our best? How could we improve? Then we as educators must realize our possibilities of what we can do or be expected to do with our financial and membership limitations.

During the past several years we have made many and varied improvements with each one pointing toward helping our graduates. Also, at this time we check to see how many students plan on furthering their education and find that already more are accepted in college than ever before.

At this time I realize that we have done our job and well, too! Each senior is probably better prepared in the academic, vocational, or commercial fields than any of his predecessors. We at school only hope that each senior will use to the best of his ability his high school training to better himself, his school and his community. We know that some will find it only moderately difficult in their field of endeavor and some will find it extremely difficult.

My one hope and wish is that each Senior will find happiness and success in whatever field attempted and always keep at his finger tips his 1959 annual, so he may relive or reminisce with his classmates via his annual of Alma Mater Camden-Frontier High.

I personally wish to ackowledge and thank the Senior Class, the annual staff for their cooperative effort and sincerity that was necessary for making the 1959 Redskin a better and improved School Annual.

AMY BROWN leaves her safe driving ability to Ruth Baughman. LLOYD LASHAWAY leaves his Dodge to Bill Davis. To Dave Warfield, HARLEY CARTER leaves his job as Co-Captain of the basketball team. BARBARA BRIERLY leaves her figure to Suzanne Gilmore and her blond hair to Joy Haynes. SALLY GILPIN leaves to Carol Birdsall her position of homecoming queen. ANNA LANGE leaves her job in the school cafeteria to Eugene Faler and Sidney Carpenter. To Stanley Smith, DEANNA BRITTON leaves her job as president of the senior class. After great consideration, JUDY TUCKER has decided to leave her roller skates to Hilda Penoyer. CLASS PROPHECY

In Chicago where my trip around the world as demonstrator of a new plane the "Spirit of 1959" started SHIRLEY DILLON as an airline hostess and RONALD GREEN as business manager of the airport were pleasantly employed. Indianapolis my first stop, produced GORDON HARMON, who had just broken the world's auto speed record. Employed as his able mechanics were BOB RAWLINS, JERRY BRUBAKER, and CHARLES MICHAEL, supervisor. At the University in Ann Arbor, Michigan, where I talked with CLIFFORD BARR, head of the medical department, and TOM MOHR, professor of history, I learned LOREEN SHONK was also there as the head football coach! In New York City the final game between the Yankees was being played with ALLAN SHIFFLER, the star Yankee pitcher, and "BABE" LASHAWAY of like renown, the Tiger pitcher. At the Times Square Theater, brilliant neon signs announced the Broadway hit, "Life in a House Trailer with J. B." starring BARBARA BRIERLY. Another nearby sign proclaimed that ROSE DENNIS, successor to Christian Dior, was showing the world's leading fashions. In Washington D. C. I was welcomed by CHARLOTTE WEBSTER, Secretary of Health, Education, and Welfare, and SHEILA JOICE, Advisor to the President. From them I learned CARLA HINKLE, a registered nurse, supervised the care of Cyrus, the Vice President's donkey.

In London I encountered JUDY TUCKER, secretary to our Ambassador, who took me to see DAVID REICHHARDT, the American physicist, who was completing a secret device for counting air bubbles on atoms. In Paris I was interviewed by JUDY RADER, correspondent for the New York Times, who told me BONNIE GALLIPPO, ANNA LANGE, and JUDY KAST were in the city attending a hat designers convention. I flew to Wurtzberg, Germany, where the former DEANNA BRITTON wearied by following Elvis in his travels, longingly told me SALLY GILPIN was now married and living in Camden. In Rome, Italy, PHIL SEELY was directing a movie "Hot Ice" starring BUD COONEY, JUDY LONG, and JUSTINE SMITH. In Africa engine trouble forced me to land on a turkey farm operated by DICK HELLER, as a hobby for relaxation following a strenuous coaching year at Camden-Frontier. In this region JON HORR was the supervising turkey inspector. At this time ABE CARTER and some natives riding kangaroos returned from a big game hunt for Purple People Eaters. In Arabia I found MOINE ALLGIRE loaded with revenue from his oil wells and PAUL BIRDSALL engaged in converting the cannibals in upper Afghanistan. Another forced landing in outer Mongolia disclosed JANET GEORGE living in a grass igloo with her husband, a doctor whose hobby was breeding a new species of angle worms. In China I learned that ARLENE BROWN had revolutionized the rice industry with her new variety of popped rice. SUSAN FREED and MARY PEREGO were teaching the village children nearby. When I reached Hawaii LOWELL BLACK, stationed there in the Navy, told me DON SWAGER owned a large Pineapple plantation and that TED MALONE was making personal appearances on the Islands singing his new hit, "Theodore's Harmonica."

At the Olympics in San Francisco, JERRY WEBB was coach of the American Track team. In a nearby skyscraper, the site of a new General Motors building, I found the President - ROBERT TRUEMAN. At a dinner date in Chicago I told the happily married former JON MOHR about my trip and the good fortune of our former classmates.

SENIOR SPONSORS

MARION WHITMORE DONALD EBY

The class of 1959 of Camden-Frontier High School, with whom the sponsors have enjoyed a very agreeable and pleasant relationship, exhibits outstanding ability, originality, ambition, and scholastic achievement. Among the top six only a fraction of a unit's difference existed in their ratings. At least half the class has more than the necessary sixteen units of credit for graduation and the same number have expressed their intentions of continuing their education in advanced fields of learning. These accomplishments and desires characterize a class which will be truly missed.

The Student Council was organized in the Spring of 1954 for the purpose of assisting with Student Government. This youthful but effective organization numbers fourteen members, two elected from each of the upper six grades, plus our sponsors, Mr. Miller and Mr. Reynolds. This organization no longer concerns itself only with the problems of Student Government, but also presents student assemblies, purchases items for the school, and purchases gifts for teachers at the Christmas Season. The Student Council has been a great addition to the school. May it have continued success.

FUTURE HOME MAKERS OF AMERICA

Our FHA is an organization created for the purpose of promoting interest in the home, the people in it, the relationships of it, and the skills necessary to make it function smoothly. It is composed of girls who have had one or more years of homemaking. Our motto is "TOWARD NEW HORIZONS"

FUTURE FARMERS OF AMERICA

The F.F.A. - Future Farmers of America, is a national organization whose primary aim is the development of agricultural leadership, cooperation, and citizenship thru vocational training of farm boys who will become the Future Farmers of Tomorrow.

YOUTH FOR CHRIST CLUB OFFICERS

Y.F.C. helps students become more acquainted with the spiritual aspects of life, thus cultivating finer Christian citizenship. The programs are aimed to provide fun for all.

FUTURE TEACHERS CLUB

The Future Teacher's Club encourages tentative future teachers and gives them an insight into the teaching field.

LATIN CLUB

The Latin Club arouses interest in foreign languages and discounts the erroneous belief that Latin is not used anymore.

LIBRARY CLUB

The Library Club lends dignity and responsibility to the student Librarians' work and creates a social activity for them as well.

HALL RECEPTIONISTS

The Hall receptionists are in charge of recording the High School attendance each day. They also greet any visitors and give them any assistance necessary.

OFFICE GIRLS

The office girls help Mrs. Wisman and Mr. Reynolds in their daily work. This work may include keeping records, typing, dictation, duplicating and various other duties.

The staff below is in charge of the publication of the school paper, THE CHIEFTAIN. This paper is published monthly and is designed to keep students informed on the activities of their school. At the beginning of the year the staff selects the name of the paper and establishes its format. The positions held by the staff this year have been varied to give each a knowledge of all sections of the paper. Proceeds from the paper will be used to buy equipment for the benefit of future Office Practice students.

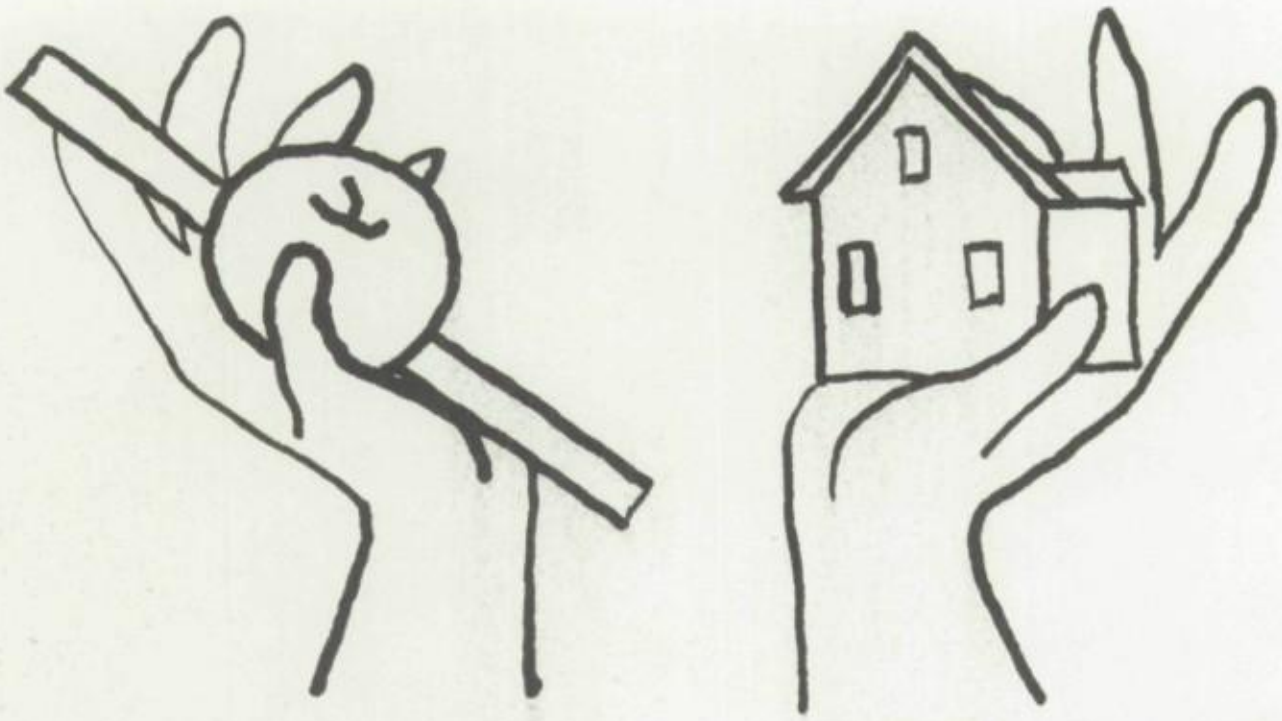
Sharon Adams, Lyn Wiles, Shirley Adams, Linda Fee.

JUNIOR HIGH CHEERLEADERS

FRONT ROW: Becky Johnston, Connie Lashaway, Diane Fouts. BACK ROW: Janice Clark, Rita Hicksenhiser, Minerva Haskins.

Our cheerleaders are in charge of maintaining and encouraging the school spirit and support of all team members of our school. In addition to forming new cheers and practicing long hours they attend every game played and conduct pep sessions before many home games.

PEP SESSION



In order to show our appreciation to our parents, our teachers, and our community for their co-operation, guidance, and understanding, we, the class of 1959, with deepest respect, devote this page to them.

As the hand holds the house, even so have their hands guided us in our formative years. Through their guidance we have become what we are today for they have been the foundation of our every activity.

The hand holding the apple and ruler, too, represents a very important part of our lives thus far - our teachers and our school. They have patiently guided us to the best of their ability to face the world before us as adults.

These relationships have given us the courage, ability, background, and willingness to go out into the world and accept the responsibilities and problems of young adults.

It is impossible, in a few short lines, to say a "Thank you" which would be complete enough for all they have given us but with this page we endeavor to show our gratitude to our parents, teachers, and community.

The Senior Class of 1959

Editor-in-Chief - SHEILA JOICE

Business Manager - SHIRLEY DILLON

It's all over now and we close the cover on another book of timeless memories - The 1959 Redskin.

The fears, frustrations, and anxieties have passed into that timeless pool of sweat and tears - the past! What has replaced these? The hundreds of pictures, dozens of layouts, and bushels of copy including both that which is used and that which is discarded; have all been transformed into our yearbook. A dream has become a reality.

No one person alone produces a yearbook, but a team of workers extending from August to May with never stopping minds. These are the minds which I wish to thank: the individual editors; the photographer; the Business Manager, Shirley Dillon; and most of all - The Editor-in-Chief, Sheila Joice.

It is the hope of the staff members that in the years to come, as we each travel the road of life in our different directions, the 1959 Redskin will help bring to mind many happy recollections of the year 1958-1959 at Camden-Frontier School.
